5th April 2022

Dear Parent/Carer

Covid update

As part of the Living with Covid strategy, the government has updated the stay at home and isolation guidance for Covid. The new guidelines came into effect from 1 April 2022. For pupils they are:

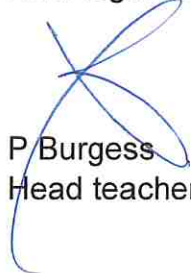

- Children and young people who are unwell with Covid symptoms and have a high temperature should stay at home and avoid contact with other people. They can **go back to school when they no longer have a high temperature, and they are well enough to attend.**
- Children with a positive COVID-19 test result should stay at home and **avoid contact with other people for 3 days.** They can return to school after 3 days if they no longer have a high temperature and are well enough to attend.

The key here is around ensuring they do not have a temperature, so please be diligent in checking this. In either circumstance, there is no longer the requirement to have two negative LFD test results before returning to school.

If you would like to read the latest NHS guidance, it can be viewed here:
