October 2024

With Halloween fast approaching some of your children maybe interested in watching a Horror Film.

Click the picture to access the national colleges advice and support for watching horror films and age ratings.

Many children and young people enjoy exploring new and exciting genres and themes in the films and TV they consume – and as they grow, the maturity of this content will likely increase with them. However, without proper supervision and safeguarding, youngsters looking for a new title to enjoy – especially in the horror genre – might get a little more than they're ready for.

Worried about your child online?

The NSPCC website has lots of information to help parents and carers feel informed, confident and happy about helping children stay safe online. You'll find [advice for parents and carers about online safety](#) including information about social media, online gaming, parental controls, sharing nudes, livestreaming, harmful content and online reporting.

Parents can also [sign up to the online safety newsletter](#) to get news and advice.

Online Gaming Safety Tips: For parents/carers of neurodivergent young people

Internet Matters have published guidance outlining the benefits and risks of online gaming and how you can support your neurodivergent child. You can read the guide here: <https://www.flipsnack.com/internetmattersorg/guidance-for-parents-ofneurodivergent-gamers-internetmatters/full-view.html>

Many of us use Google everyday, why not visit [Google's Safety Centre](#) to learn how to change Google's search settings to

SafeSearch filtering

<http://www.google.co.uk/familysafety/tools.html>

This setting is designed to screen sites with explicit text and images that you don't want your child to stumble across when browsing the internet.
