

**15<sup>th</sup> September 2025**

**Dear Parents/Carers,**

### **SCHOOL DROP OFF & COLLECTION TIMES**

**There have been numerous reports of parents parking inappropriately outside the school when dropping off and collecting children. This has included blocking the entrance to our school, parking on pavements and visibly marked 'Keep Clear' areas and parking in the school grounds. We have also had complaints from local residents who have had their driveways blocked and are unable to leave or return to their properties. All of this is unacceptable.**

**Please be aware of the children walking to school and their need to cross the road with clear visibility. If you are parking without due care to the road marking's, you are putting these children at great risk. There are also Blue Badge Holders entitled to enter the school site in the morning and need to have access.**

**This is a major breach to the safety of YOUR CHILDREN entering and leaving the school. Please ensure you park with care and consideration to all and DO NOT enter the school ground unless you are displaying a Blue Badge. There is ample parking down Wren Way, alternatively you can park in Moor Road playground car park and walk through the back gate or Farnborough Town Football Club car park and walk the very short distance to the school playground.**

**Despite, numerous letters home, there has been no improvement in the parking habits outside school, we have therefore contacted the local police and arranged for them to make random checks outside school at drop off and pick up times.**

**Thank you**
